WORK EXPERIENCE

UI Developer Associate Dattaprabodhinee Nyas

01/2022 - Present

Mumbai

Achievements/Tasks

- Developed responsive and user-friendly web applications using React, Typescript, HTML, CSS, JavaScript, Next.js, and Redux.
- Collaborated with designers to implement UI/UX designs and ensured pixel-perfect implementation.
- Implemented state management using Redux, handling complex data flows efficiently.
- Integrated APIs and back-end services to fetch and update data dynamically.
- Actively participated in team discussions, contributing innovative ideas and solutions.

Full Stack Developer - Trainee Masai School

05/2021 - 01/2022

Bengaluru

Achievements/Tasks

- Participated in a full stack development program at Masai School, gaining hands-on experience in building web applications.
- Developed front-end components using React, Typescript, HTML, CSS, and JavaScript to create interactive and responsive user interfaces.
- Implemented back-end functionalities using Node.js, Express.js, and MongoDB to handle data storage and retrieval.
- Worked with RESTful APIs, integrating them into the application for seamless data communication.
- Collaborated with fellow trainees on group projects, following agile methodologies and version control practices.
- Learned and applied industry best practices, adhering to coding standards and maintaining code quality.
